Do you use adhesives?

ECT is the leading supplier of adhesive products and solutions to the Irish manufacturing industries. We supply a full range of products that will provide a solution for every possible bonding application. Our adhesives include UV light cured acrylics and epoxies from Dymax, structural epoxies, polyurethanes and methacrylates from Araldite, resin systems from Robnor Resins, silicone adhesives from ACC Silicones and many others.

ECT is dedicated to exceeding our customer expectations by providing quality adhesive and encapsulation solutions to the high technology, high performance assembly industries, incorporating the highest levels of technical support and customer service. We also supply custom made PVA adhesives, Hot melts and pressure sensitive adhesives.
